THE LAST OF THE LOAN
—OF THE—
CHICAGO
Danville & Vincennes
Railroad Company.

To Careful Investors.
It is seldom that Mortgages upon new Railroads are considered sufficiently safe for the investment of Trust Funds. It is only when a Railroad is earning, net, an excess of its interest obligations, with a certainty of a steady growth, that its Bonds can be said to be perfectly safe.

The Chicago, Danville & Vincennes Railroad is doing this. That part of it known as the ILLINOIS DIVISION (from Chicago to Danville, 132 Miles), was finished last July, and its gross earnings have increased from \$31,464.47 in December, 1871, to \$72,877.65 in August, 1872. The net earnings for August were \$36,412.46, or at the rate of \$89,019.02 per annum. The total interest liability upon the bonds of this Division, both the Illinois and Indiana divisions is \$250,000,000. The Illinois Division is, therefore, earning, net, more than enough to pay interest upon the entire bonded debt upon the whole road.

THE INDIANA DIVISION
is about eighty miles in length, traversing extensive Bituminous Coal fields, and making a great (and the shortest possible) line between Chicago and the Black Coal district at Brazil.

The Iron and other materials for the Indiana Division have all been bought and paid for in cash, a part of it now in operation, and the entire Division is to be finished this season and opened to a profitable business.

The company is not in debt, and owns a large and very valuable estate in Chicago, besides having an equipment of twenty-three first-class locomotives and about 700 cars.

A first mortgage upon such a road, at the rate of \$15,000 per mile is a safe investment, and we know of no other railroad bond, at the price asked for this, that can demonstrate a similar value as a security for savings banks and others.

We have sold nearly two millions of these bonds to savings banks, trust companies and the most careful investors, and have had \$850,000 bonds remaining.

They are for \$1000 each, and have forty years to run. Interest

payable April and October. Present price \$90 and secured interest from October 1st in currency.

The last week of our sales of ILLINOIS DIVISION Bonds amounted to \$200,000. Early orders are therefore suggested, in order to secure any portion of this extremely desirable loan.

For further particulars, statement of earnings, maps of the line, &c., apply to
